

Department of Veterans Affairs

§3.351

monthly payment under this provision may not exceed the amount stated in 38 U.S.C. 1114(p).

(g) *Inactive tuberculosis (complete arrest)*. The rating criteria for determining inactivity of tuberculosis are set out in §3.375.

(1) For a veteran who was receiving or entitled to receive compensation for tuberculosis on August 19, 1968, the minimum monthly rate is \$67. This minimum special monthly compensation is not to be combined with or added to any other disability compensation.

(2) For a veteran who was not receiving or entitled to receive compensation for tuberculosis on August 19, 1968, the special monthly compensation authorized by paragraph (g)(1) of this section is not payable.

(h) *Special aid and attendance benefit; 38 U.S.C. 1114(r)*—(1) Maximum compensation cases. A veteran receiving the maximum rate under 38 U.S.C. 1114 (o) or (p) who is in need of regular aid and attendance or a higher level of care is entitled to an additional allowance during periods he or she is not hospitalized at United States Government expense. (See §3.552(b)(2) as to continuance following admission for hospitalization.) Determination of this need is subject to the criteria of §3.352. The regular or higher level aid and attendance allowance is payable whether or not the need for regular aid and attendance or a higher level of care was a partial basis for entitlement to the maximum rate under 38 U.S.C. 1114 (o) or (p), or was based on an independent factual determination.

(2) *Entitlement to compensation at the intermediate rate between 38 U.S.C. 1114 (n) and (o) plus special monthly compensation under 38 U.S.C. 1114(k)*. A veteran receiving compensation at the intermediate rate between 38 U.S.C. 1114 (n) and (o) plus special monthly compensation under 38 U.S.C. 1114(k) who establishes a factual need for regular aid and attendance or a higher level of care, is also entitled to an additional allowance during periods he or she is not hospitalized at United States Government expense. (See §3.552(b)(2) as to continuance following admission for hospitalization.) Determination of the

factual need for aid and attendance is subject to the criteria of §3.352:

(3) *Amount of the allowance*. The amount of the additional allowance payable to a veteran in need of regular aid and attendance is specified in 38 U.S.C. 1114(r)(1). The amount of the additional allowance payable to a veteran in need of a higher level of care is specified in 38 U.S.C. 1114(r)(2). The higher level aid and attendance allowance authorized by 38 U.S.C. 1114(r)(2) is payable in lieu of the regular aid and attendance allowance authorized by 38 U.S.C. 1114(r)(1).

(i) *Total plus 60 percent, or housebound; 38 U.S.C. 1114(s)*. The special monthly compensation provided by 38 U.S.C. 1114(s) is payable where the veteran has a single service-connected disability rated as 100 percent and,

(1) Has additional service-connected disability or disabilities independently ratable at 60 percent, separate and distinct from the 100 percent service-connected disability and involving different anatomical segments or bodily systems, or

(2) Is permanently housebound by reason of service-connected disability or disabilities. This requirement is met when the veteran is substantially confined as a direct result of service-connected disabilities to his or her dwelling and the immediate premises or, if institutionalized, to the ward or clinical areas, and it is reasonably certain that the disability or disabilities and resultant confinement will continue throughout his or her lifetime.

§3.351 Special monthly dependency and indemnity compensation, death compensation, pension and spouse's compensation ratings.

(a) *General*. This section sets forth criteria for determining whether:

(1) Increased pension is payable to a veteran by reason of need for aid and

§ 3.351

attendance or by reason of being housebound.

(Authority: 38 U.S.C. 1521(d), (e))

(2) Increased compensation is payable to a veteran by reason of the veteran's spouse being in need of aid and attendance.

(Authority: 38 U.S.C. 1115(1)(E))

(3) Increased dependency and indemnity compensation is payable to a surviving spouse or parent by reason of being in need of aid and attendance.

(Authority: 38 U.S.C. 1311(c), 1315(h))

(4) Increased dependency and indemnity compensation is payable to a surviving spouse who is not in need of aid and attendance but is housebound.

(Authority: 38 U.S.C. 1311(d))

(5) Increased pension is payable to a surviving spouse by reason of need for aid and attendance, or if not in need of aid and attendance, by reason of being housebound.

(Authority: 38 U.S.C. 1541(d), (e))

(6) Increased death compensation is payable to a surviving spouse by reason of being in need of aid and attendance.

(Authority: 38 U.S.C. 1122)

(b) *Aid and attendance; need.* Need for aid and attendance means helplessness or being so nearly helpless as to require the regular aid and attendance of another person. The criteria set forth in paragraph (c) of this section will be applied in determining whether such need exists.

(c) *Aid and attendance; criteria.* The veteran, spouse, surviving spouse or parent will be considered in need of regular aid and attendance if he or she:

(1) Is blind or so nearly blind as to have corrected visual acuity of 5/200 or less, in both eyes, or concentric contraction of the visual field to 5 degrees or less; or

(2) Is a patient in a nursing home because of mental or physical incapacity; or

38 CFR Ch. I (7–1–15 Edition)

(3) Establishes a factual need for aid and attendance under the criteria set forth in § 3.352(a).

(Authority: 38 U.S.C. 1502(b))

(d) *Housebound, or permanent and total plus 60 percent; disability pension.* The rate of pension payable to a veteran who is entitled to pension under 38 U.S.C. 1521 and who is not in need of regular aid and attendance shall be as prescribed in 38 U.S.C. 1521(e) if, in addition to having a single permanent disability rated 100 percent disabling under the Schedule for Rating Disabilities (not including ratings based upon unemployability under § 4.17 of this chapter) the veteran:

(1) Has additional disability or disabilities independently ratable at 60 percent or more, separate and distinct from the permanent disability rated as 100 percent disabling and involving different anatomical segments or bodily systems, or

(2) Is “permanently housebound” by reason of disability or disabilities. This requirement is met when the veteran is substantially confined to his or her dwelling and the immediate premises or, if institutionalized, to the ward or clinical area, and it is reasonably certain that the disability or disabilities and resultant confinement will continue throughout his or her lifetime.

(Authority: 38 U.S.C. 1502(c), 1521(e))

(e) *Housebound; dependency and indemnity compensation.* The monthly rate of dependency and indemnity compensation payable to a surviving spouse who does not qualify for increased dependency and indemnity compensation under 38 U.S.C. 1311(c) based on need for regular aid and attendance shall be increased by the amount specified in 38 U.S.C. 1311(d) if the surviving spouse is permanently housebound by reason of disability. The “permanently housebound” requirement is met when the surviving spouse is substantially confined to his or her home (ward or clinical areas, if institutionalized) or immediate premises by reason of disability or disabilities which it is reasonably certain will

§ 3.352

remain throughout the surviving spouse's lifetime.

(Authority: 38 U.S.C. 1311(d))

(f) *Housebound; improved pension; death.* The annual rate of death pension payable to a surviving spouse who does not qualify for an annual rate of death pension payable under § 3.23(a)(6) based on need for aid and attendance shall be as set forth in § 3.23(a)(7) if the surviving spouse is permanently housebound by reason of disability. The "permanently housebound" requirement is met when the surviving spouse is substantially confined to his or her home (ward or clinical areas, if institutionalized) or immediate premises by reason of disability or disabilities which it is reasonably certain will remain throughout the surviving spouse's lifetime.

§ 3.352 Criteria for determining need for aid and attendance and "permanently bedridden."

(a) *Basic criteria for regular aid and attendance and permanently bedridden.* The following will be accorded consideration in determining the need for regular aid and attendance (§ 3.351(c)(3): inability of claimant to dress or undress himself (herself), or to keep himself (herself) ordinarily clean and presentable; frequent need of adjustment of any special prosthetic or orthopedic appliances which by reason of the particular disability cannot be done without aid (this will not include the adjustment of appliances which normal persons would be unable to adjust without aid, such as supports, belts, lacing at the back, etc.); inability of claimant to feed himself (herself) through loss of coordination of upper extremities or through extreme weakness; inability to attend to the wants of nature; or incapacity, physical or mental, which requires care or assistance on a regular basis to protect the claimant from hazards or dangers incident to his or her daily environment. "Bedridden" will be a proper basis for the determination. For the purpose of this paragraph "bedridden" will be that condition which, through its essential character,

actually requires that the claimant remain in bed. The fact that claimant has voluntarily taken to bed or that a physician has prescribed rest in bed for the greater or lesser part of the day to promote convalescence or cure will not suffice. It is not required that all of the disabling conditions enumerated in this paragraph be found to exist before a favorable rating may be made. The particular personal functions which the veteran is unable to perform should be considered in connection with his or her condition as a whole. It is only necessary that the evidence establish that the veteran is so helpless as to need regular aid and attendance, not that there be a constant need. Determinations that the veteran is so helpless, as to be in need of regular aid and attendance will not be based solely upon an opinion that the claimant's condition is such as would require him or her to be in bed. They must be based on the actual requirement of personal assistance from others.

(b) *Basic criteria for the higher level aid and attendance allowance.* (1) A veteran is entitled to the higher level aid and attendance allowance authorized by § 3.350(h) in lieu of the regular aid and attendance allowance when all of the following conditions are met:

(i) The veteran is entitled to the compensation authorized under 38 U.S.C. 1114(o), or the maximum rate of compensation authorized under 38 U.S.C. 1114(p).

(ii) The veteran meets the requirements for entitlement to the regular aid and attendance allowance in paragraph (a) of this section.

(iii) The veteran needs a "higher level of care" (as defined in paragraph (b)(2) of this section) than is required to establish entitlement to the regular aid and attendance allowance, and in the absence of the provision of such higher level of care the veteran would require hospitalization, nursing home care, or other residential institutional care.

(2) Need for a higher level of care shall be considered to be need for personal health-care services provided on a daily basis in the veteran's home by a person who is licensed to provide such services or who provides such services under the regular supervision
